## WANTS CONGRESS TO STOP WALL STREET SPECULATION

Congressman Campbell of Kansas May Enter on New Campaign.

Washington, March 21.—Representative Campbell of Kansas, author of the resolution that resulted in the Standard Oil investigation, is considering a movement for legislation at the next session of Congress to prevent gambling in stocks. He said yesterday that deals in stocks and bonds wherein there is no delivery, or thought of it, constitute gambling pure and simple.

"It is a question worthy of serious consideration," he added, "whether the interstate commerce clause of the constitution is broad enough to prevent gambling in the production and transportation of commodities entering into interstate and foreign commerce. This last flurry on Wall street was not caused by a fall in values of stock and bonds of railroads and manufacturing enterprises, but was a panic condition created by a lot of gamblers. It affected the whole country, reached into the treasury, disturbed the peace. The railroads were never so prosperous, their gross earnings never so large. It is not right that they should be the subject of manipulation by gamblers."

## TIDE TURNS FOR HUGHES.

A Great Triumph for Him on the Re-count Bill.

Albany, N. Y., March 21.—The action of the assembly committee on the judiciary in reporting the Re-count Bill providing for a recount of the votes cast in the McClellan election is regarded here as turning the tide for Governor Hughes once more. For the past ten days the governor has been suffering several reverses at the hands of the politicians. It is known that some of the biggest Republican politicians in the state have been interested in preventing the recount bill, and Governor Hughes has twice appealed to the public for this measure. Its appearance is a triumph for him. Similarly the report of the Bingham police bill by the Senate committee Tuesday night is an indication of improving conditions. The Bingham bill will now pass by a safe margin of vote, despite the efforts of corruptionists to block it.

In the same way, a change has taken place in the judiciary committee, which has charge of the Kelsey case, and it is believed that hereafter the friends of the governor will control a majority of the committee and be able to retire the defeat of last week. The Kelsey hearing will reopen today, and will last into next week. It is expected that the first test of the new line-up will come when the council for Kelsey attempts to introduce witnesses; then it is expected the governor's hand will become apparent and the effort will be blocked.

## THIRTY "SUFFRAGETTES" ARE ARRESTED IN LONDON.

Mob of Women Stormed Entrance to the House of Commons.

London, March 21.—Thirty women suffragettes were arrested yesterday afternoon for attempting to force an entrance into the House of Commons. A delegation of the women drove up in wagons, and after promading before the houses of Parliament, stormed the entrance of the Commons, where the police reinforcements drawn up for the occasion awaited the onslaught. An amusing scuffle followed.

Previous to this demonstration an indignation meeting, largely attended by the so-called "suffragettes" and their friends, was held at Caxton hall, where the speakers denounced the House of Commons for stifling the Dickinson woman suffragist's bill.

## A Skin of Beauty is a Joy Forever

Dr. T. F. Gougeon's Oriental Cream or Magical Beautifier.

Gougeon's Cream is the best beauty of all the skin preparations. It is also the best for the hair, and is sold by all druggists and beauty goods dealers in the United States, Canada and Europe.

YERD, T. HOPKINS, Prop., 87 Great Jones Street, New York.

## "GIVE US TEDDY."

Massachusetts Legislators Want Him President For Another Term.

Boston, March 21.—Roosevelt for a third term is the wish of 80 Republican members of the Massachusetts Legislature, while 24 would hand over the highest office of the nation to Senator Winthrop Murray Crane in 1908.

For the last day or two a quiet canvass has been made at the State House to determine just how deep seated is the boom of Senator Crane for the presidency.

That Mr. Bryan's visit to Boston was productive of an awakened friendly interest among the Democratic members of the House and Senate is freely admitted.

The canvass was:  
For Roosevelt ..... 80  
For Ex-Gov. Crane ..... 24  
For Taft ..... 10  
For Hughes ..... 2  
For Root ..... 1  
For Bryan ..... 43  
Anti-Cleveland ..... 1

## TALKS WITH SELIGMAN.

The President Can Do Nothing to Reassure the Railroad.

Washington, March 21.—The president continued his conference on railroad and financial affairs yesterday by talking with J. N. Seligman, the New York banker. Mr. Seligman came to Washington at the request of the president and had a half hour's talk with Mr. Roosevelt. Upon leaving the White House he said: "The president does not see what he can do to reassure the railroad interests, as has been suggested to him. He makes it clear that he merely wishes to have the law enforced and that no carrier who observes the law has anything to fear from his policy. The financial situation will take care of itself. I did not recommend that the government take any further action to relieve the money market, for I did not think it necessary. The market is not suffering and the government has done all that it could and done it well."

## TOKIO LOTTERY WAR.

Offices of Prominent Bankers Searched for Evidence.

Tokio, March 21.—The government's determined efforts to exclude Formosan lottery tickets from Japan has been attended with surprising developments. The great offices of the Mitsui family, widely known as bankers of high repute, were searched twice Tuesday. Meantime the governor of Formosa has been notified to suspend further issues of tickets for the 1906 lottery.

The lottery was legalized for Formosa only, for the sake of satisfying the Chinese residents of the island.

## COST TO CUBA IS \$2,500,000.

Date for Collecting Expense of Pacification Has Not Yet Been Determined.

Washington, March 21.—Extraordinary expenses to the United States up to date caused by the sending of an army of pacification to Cuba aggregate about \$2,500,000, according to figures prepared by the war department. The navy has made no extraordinary charges for its part, but the marine corps has charged extra expenses for organization of a brigade for service there.

It has not been determined exactly when the money will be collected from Cuba. Congress practically allowed the war department to exercise its judgment in this matter.

## POPE TO ACT AS GODFATHER.

Extraordinary Honor for the Expected Heir to Throne of Old Spain.

Rome, March 21.—It is officially announced that the pope has accepted the invitation to be godfather to the expected child of King Alfonso and Queen Victoria of Spain.

This is considered extraordinary, in view of the anti-clerical attitude of the last Liberal cabinets at Madrid, and is said to show that good relations exist between the Vatican and the Spanish reigning family.

The hope is expressed at the Vatican that the action of the pontiff will lead to the religious pacification of Spain.

## PLANNING UNION OF ALL THE PROTESTANT CHURCHES.

Congregationalists, Methodists, and United Brethren Meet.

Chicago, March 21.—A general council of Protestant churches, representing the Congregationalists, Methodist-Protestants, and United Brethren, met here today to discuss the formation of a general union.

The primary efforts of the council will be directed toward the amalgamation of the churches named, but the ultimate object is the gathering of all the Protestant sects in this country into one body under some such name as the United church, which will have, as underlying principles, freedom of individual action in the local affairs of each body and the unity of all the churches for mutual welfare and cooperation.

## DRIVES BULL LIKE A HORSE.

Sheldon Boy Uses Bit and Bridle—Will Have a Span.

Sheldon, March 21.—John Danton, the youngest son of Mr. and Mrs. Colonel Danton of Rice hill, has a four-year-old bull so well broken to drive that he can drive him anywhere. He appeared with him harnessed to a sleigh recently, causing much comment. Master John has a sugar bush that he carries on independently of his father's larger one. He has got up his woad with "Sir Tom" as he has named the bull, driving him with bits and bridle like a horse. He is well trained. Master John is breaking in a two-year-old bull so he can have a double team.

## ARKANSAS MOB SHOTS TWO NEGRO WOMEN TO DEATH.

Victims Were Accused of Slashing a White Mother and Daughter.

Stamps, Ark., March 21.—Charged with having used a razor with probably fatal effect on Mrs. Eliza Roston, a white woman, and her daughter, and with kicking her son, a small child, about the neck, two colored women were shot to death at McKinnis, near here, Tuesday night by a mob.

According to the statement of Mrs. Roston, she and her two children were attacked by the negro women while walking along the public road Tuesday. Their assailants were arrested and placed under guard at the schoolhouse, from which place they were removed by the mob late that night.

## VAN DYCKES SOLD TO TRADER.

Then Bought by an Agent Thought to Represent Morgan.

Genoa, March 21.—Investigation of the recent sale of seven paintings by Van Dyck by the family of the Marquis of Cattaneo has brought out the information that these canvases were obtained for \$625,000 by a French trader, who subsequently sold them to an agent supposed to represent J. Pierpont Morgan.

## NEW COINS FOR PHILIPPINES.

2,000,000 Pesos at San Francisco Mint for Conversion.

San Francisco, March 21.—The United States mint in this city has received 740 boxes containing 2,000,000 Philippine pesos of the new mintage, lighter in weight and containing more alloy than those in circulation.

As soon as the coins are converted into the new mintage they will again be shipped across the Pacific.

## DOUMA BEGINS REAL WORK

Discussion of Budget Its First Business

## PARLIAMENT IN CHECK

No Angry Uproar at Premier Stolypin's Speech—Party Discipline of the Lower House a Good Augury.

St. Petersburg, March 21.—Without any further allusion to the ministerial declaration of policy, the lower house of Parliament yesterday began the actual work of the session with the organization of committees, which are elected instead of appointed. The committee on the budget, on audit and on general finance, will be elected today, indicating that the discussion of the budget will be first in order.

The proposal to appoint a special commission to organize famine relief led to a prolonged debate. Judge Constantine Kakhugin, a deputy from the Don region, alleged that the famine had spread even to the Caucasus districts, and that many of the Cossacks were begging for relief. A peasant deputy charged the government with stealing the money intended for famine relief, and referred to the famine as a scandalous example of corruption in high places.

Douma Acquires Itself Creditably.

The lower house of Parliament acquitted itself creditably Tuesday in its first encounter with the administration. An overwhelming majority of the members of the house, including the Constitutional Democrats, the Octoberists, the Group of Left and the Social Revolutionists, refused to be drawn into a fruitless discussion over the ministerial declaration read by Premier Stolypin, and adhered to the decision reported in caucus to proceed with as little delay as possible to the programme of constructive legislation. The only fear of trouble came when the extremists of the right and left participated in the debate. The remarks of these members were directed largely to mutual recriminations.

Neither the vitriolic speeches of Prince Zereteli or M. Alezinsky, Social Democrat, nor the provocative utterances of M. Parikhovich or M. Krouchev, the anti-Semite member from Kishinev, roused the anticipated outbreak. The self-restraint of the rest of the deputies apparently put a damper upon party passions, while the united front shown by the Social Democrats and the Reactionaries by the other parties and the strict observance of party discipline are a good augury for the business capacity of the Douma.

The feature of the day was Premier Stolypin's second speech, which was planned to warn the political heads that no playing with fire would be permitted, and that the Douma must confine itself strictly to its legitimate functions if it does not wish to be dissolved. The admonition made a noticeable impression. The entire speech, which was planned to warn the political heads that no playing with fire would be permitted, and that the Douma must confine itself strictly to its legitimate functions if it does not wish to be dissolved. The admonition made a noticeable impression.

## PEASANTS MASSACRE

Infuriated Roumanian Mobs Pillage Cities, Killing Women and Children.

Vienna, March 21.—Soldiers called out to stop the massacre of the Jews by Roumanian peasants, yesterday refused to fire upon the rioters who are attacking the cities in great hordes, murdering and looting.

The Jews are fleeing for their lives with little hope of escape. Telegrams from Bucharest and Lemberg say the riots have become so extensive that an army corps has been mobilized and all reserves called out.

The peasants have pillaged and burned Botoshana, Dorolot, Buesel, Verestice, Mihaileny and Leorda. Botoshana suffered worst. More than 2,000 peasants attacked the town, killing women and children and all men who offered resistance. For three days they rioted through the city, which was a prosperous municipality of about 30,000 inhabitants. Half the citizens were Jews. Thousands of fugitives arriving at Bukovina tell tales of horrors.

The refusal of the military to stop the rioters is looked upon here as a direful indication.

## A Too Uncertain Investment.

## DUCHESS WILL STAY ABROAD.

Consuelo of Marlborough Has Sympathy of Europe, Says Belmont.

New York, March 21.—Oliver H. P. Belmont, returning yesterday from abroad on the steamship Kronprinz Wilhelm, said that Consuelo, Duchess of Marlborough, would not return to the United States for a long time. She is devoting her time to the care of her two boys. Mrs. Belmont, her mother, will return to New York in about two weeks.

DUCHESS OF MARLBOROUGH.

Sympathy in England and on the continent last evening resulted in a victory for the Duchess over her opponents, the Roughers, the former team winning two of the three strings rolled, with a total pin fall of 1,221 to 1,197. The strings of the evening were unusually low, the highest single being rolled by Duffy with 102, while Nute had the high three-string total of 265. The score:

## EUROPEAN LABORERS TO DIG THE PANAMA CANAL

Spaniards and Italians Have Been Shipped to Isthmus of Panama.

Paris, March 21.—Leroy Parke, an agent of the American war department, has been in Europe for some months soliciting foreign labor for work on the Panama canal, and although he has encountered much opposition, he has succeeded, since October, in shipping 4,500 men, nearly all Spaniards or Italians, and they are now going forward at the rate of about 200 a month. They are being sent from three ports—Vigo, Spain and Bordeaux and Saint Nazaire, France, by the Spanish and French lines.

The men are given free transportation, repayable out of their earnings at the rate of \$4 a month, and are guaranteed pay at the rate of 20 cents an hour, with everything "found" in the shape of lodgings, medical attendance, etc., except meals, which are paid for at the rate of 20 cents a meal, or 60 cents a day.

## LORD NEVILL HELD.

Charged With Flimflamming a London Pawnbroker.

London, March 21.—Lord William Beauchamp Nevill was committed for trial yesterday on a charge of swindling. The evidence produced in police court showed that Lord Nevill worked a flimflam game on a pawnbroker from whom he raised money on a quantity of jewels. The pawnbroker called at his lordship's residence to inspect the jewels, and after he had agreed to loan a considerable sum on them, Lord Nevill substituted pieces of coal for the valuables. The trick was not suspected until Lord Nevill had defaulted the interest on the loan. An examination of the jewel box then revealed the lumps of coal carefully wrapped in tissue paper.

## VILLAGE IN CALIFORNIA IS WIPED OUT BY FLOOD.

Seven Drowned—Crowds Take Refuge in Trees and on Roofs.

Chico, Cal., March 21.—Flood conditions are still serious. The village of Dryden, near Oroville, has been entirely destroyed by the Feather river. More than 300 men, women and children were driven to take refuge in trees and on tops of houses, where they were exposed to rain and cold forty-eight hours. Small boats rescued many. One boat was captured, and seven persons were drowned.

## Duke Still Waits Miss Shonts' Yes.

Washington, March 21.—The Duke de Chaulnes is still wondering whether he will get Miss Theodore Shonts, daughter of the former chairman of the canal commission, before the canal is dug or not. Papa Shonts does not think the price of his family's entertainment in Paris last summer should be his beautiful daughter. Mrs. Shonts and Miss Shonts do not agree with him. Women, however, usually decide these matters, and an announcement of the engagement is expected soon.

Miss Shonts and the duke walked all over the upper end of the city Tuesday.

## CAPT. NOYES RESIGNS.

Leader of Yale Crew Was Not Able to Row This Year.

New Haven, Conn., March 20.—Capt. Robert H. Noyes of the Yale varsity crew, last night confirmed the report that he had decided to retire from the varsity boat and consequently as captain of the varsity crew. This decision of Capt. Noyes to stop rowing for the season was arrived at after a conference with the leading boating officials at Yale, including Julian W. Curtis, Yale '79, of New York, the advisory coach, and Coach John Kennedy.

Capt. Noyes said that it had seemed advisable to Graduate Coach Curtis and Coach Kennedy that he should lay off this season and take a complete rest for a year and probably take up rowing again next season. The decision to stop rowing was reached on account of Capt. Noyes not being in prime condition this year and the feeling of the captain and the coaches that it would be for the best interests of the crew as well as for Noyes that he should not continue this spring.

This is the first time in the history of rowing at Yale that a captain of a varsity crew has gotten out of the boat and since Ed. Glass, the big football star, retired from the football team on the eve of a championship game a few years ago has there been so much regret among Yale men over the withdrawal of an athlete as there has been among the crew squad over the action of Capt. Noyes.

## Bound To Play Ball

Burlingtonians are bound to have a baseball league this season, even if the Northern League is disbanded. There is talk now of forming a city league with teams composed of employees of the different business associations in the city and of the bank employees and commercial travelers. If a league of this kind was formed there would be at least six teams and probably more.

Among those in favor of a city league are the employees of the Free Press association, the Daily News com-

pany, the Wells & Richardson Co., dry goods and drug clerks, bankers, barbers and commercial travelers. It is thought that a city league would arouse much enthusiasm as there would be a keen rivalry between the different business and trades organizations.

There will probably be no difficulty in securing Athletic Park this season.

## SPURS BURLINGTON ON.

Maxwell Everts Threatens to Take State Fair to Junction.

Burlington, March 21.—A letter has been received from Maxwell Everts of Windsor by the state fair committee of the Burlington Commercial club, in which Mr. Everts says:

"I note what you say in regard to the difficulties which have arisen with reference to the state fair project, but it seems to me that they will pretty much settle themselves, if the first \$30,000 is rotten in Burlington. I think the rest of it will come of itself if any is needed beyond \$25,000. My own notion would be that the grounds themselves might perhaps be mortgaged, and then the parties purchasing them might lease them to the commission for a period of years, with the privilege of purchase, the amount to be paid on the lease being sufficient to pay the interest on the mortgage. There is no question but that the fair would stay wherever it is once started."

"I do not know how you are getting on with the subscriptions, but I hope you will succeed in raising the \$30,000, and that you will let Mr. Whitney know the result before he comes to the meeting of the commission next Friday at White River Junction, where we thought we would meet for the purpose of looking over the fair grounds."

"Yours truly,"

"Maxwell Everts."

Two more subscriptions have been received of \$100 each from J. R. and J. H. Lockwood, and Kamber, Frank & Co., making a total of \$14,450 received, and a balance yet to be subscribed of \$8,550.

## WANT BETTER SERVICE.

Rutland Merchants Are to Petition the Postoffice Department.

Rutland, March 21.—A petition is being circulated among and largely signed by the merchants of this city asking the postoffice authorities to take steps to insure more prompt delivery in Boston of letters sent from this part of Vermont on the midnight train. The petition asks that the letters be "worked" on the train, instead of being sorted when they get to Boston, as is now the custom. Under the present system, Rutland letters are not delivered in Boston until the second morning trip of the carriers, although the train which leaves this city at 12:30 o'clock reaches Boston at about 7 o'clock. Letters from the other side of the state, which are "worked" on the train, are distributed in Boston during the first trip of the carriers, although the train does not reach the city until an hour later than the Rutland train.

It is understood that the Merchants' association of Boston is about to take up this matter of obtaining better mail service from the west side of Vermont, there being a claim that the towns on the east side are favored with better service than those on the west side. A good example of this is shown in the case of Canadian mail, which, in many instances, instead of coming directly to this city, is taken to Bellows Falls over the St. Albans and Boston run, and is then brought back north to Rutland.

## BUY SITE FOR CHURCH.

Which Will Be Erected in Rutland This Year.

Rutland, March 21.—The new Church of the Holy Innocents in this city, which was formed by the division of St. Peter's parish, will be located at the northeast corner of South Main street and Killing-ton avenue.

The site was yesterday afternoon purchased by the Rev. W. N. Loneragan, pastor of the new parish, from Judge Thomas C. Robbins. The property consists of five-eighths of an acre, and is considered one of the most desirable in the city for the purpose for which it is intended.

# KORN-KINKS

MALTED CORN FLAKES

Kornelia Kinks behind a mask  
Attempted quite a fearful task;  
Said she—"I'll give dem kids a fright  
And see if I can mek dem white."  
But while the color would not go  
And leave the kids as white as snow,  
She felt quite pleased with what she'd done,  
At least—she'd made the color RUN.

"Korn Kinks" will give you a good color and make you strong and hearty. Korn is the most nutritious of all foods, and "Korn Kinks" is simply the flaked kernels of hulled corn, malted. It's delicious, digestible and different. Try it—only 5c., at your grocer's.
